

## **Centurion Container Forms Joint Venture With Natural Bridge Station**

Centurion Container, the second largest provider of reconditioned IBC's in North America, announced on July 22, 2021 the formation of a Joint Venture with Natural Bridge Station, Inc.

("NBS"), a regional leader in Industrial Packaging Products and Services, was founded in 2000 by Mike Bank, a Fourth Generation Reconditioner with whom the Centurion Team has enjoyed a long and rewarding relationship. The Joint Venture will be called Container Buyers LLC (the "Company") and will do business as a division of Centurion Container. With Production facilities in both Denver, CO and Phoenix AZ, the Company will serve as Centurion's gateway to the West Coast as well as adding a new dimension to its products and services portfolio, which includes sourcing, as well as warehousing and distribution of a wide variety of rigid and flexible packaging.

The Management Team led by Mike Bank and Scott McFall will remain in charge of the Region and lead Centurion's western expansion. Michael Chorpash, President and CEO of Centurion Container, said "Our entire team is excited about this opportunity and expanding our western footprint under the leadership of our old friends Mike and Scott." Mike Bank added "We are excited to be teaming up with our friends at Centurion Container. Our goal has always been to be the best at servicing our customers and this partnership helps us continue that tradition".
