State Back-to-Work Plans: NAM Tracker

The National Association of Manufacturers has created a wonderful, user friendly way to track state and local back-to-work orders arising from the COVID-19 crisis. All you have to do is follow this [link](#) and scroll down to the state tracker. Click on the state or states of interest and you will have access to the latest information available.

We hope the NAM tracker will help your business as it works to navigate the complex new COVID-19 environment.

Please stay safe.
