## SPECIAL BULLETIN 2020 – 20

June 23, 2020

### HAZARDOUS MATERIALS REGISTRATIONS DUE BEFORE JULY 1, 2020

Under the federal Hazardous Materials Regulations, shippers and transporters of certain quantities and types of hazardous materials are required to file an annual registration statement with the U.S. Department of Transportation and to pay a fee.

**July 1 is the deadline** to file for the 2020-2021 Registration Year, which covers the period from July 1, 2020 to June 30, 2021. The deadline for registration and fee payment will not be delayed due to the COVID-19 emergency.

Please note that the registration requirements apply only to **a very limited** number of packaging manufacturers and reconditioners that ship rather large quantities of hazardous materials or wastes off-site and meet either or both of the following requirements:

- Your company ships hazardous material (including hazardous wastes) in a bulk packaging (e.g. roll-off bin having a capacity equal to or greater than 13,248 liters (3,500 gallons) for liquids or more than 13.24 cubic meters (468 cubic feet) for solids.
- Your company ships hazardous material in any type of packaging in an amount that equals or exceeds 2,268 kilograms (5,000 pounds) gross weight or more of one class of hazardous materials (including hazardous wastes) for which placarding of a vehicle, rail car, or freight container is required.

General information on the registration program is available [here](#).

If you want to register by mail, use [this](#) form.

If you want to register on-line, go [here](#).

Please call the association for additional information at 301.577.3786.
